**The two EV (electric vehicle) 2-car charging units** installed at the back of the Police Station in the Hereford Street car park are finally 'live'. Please spread the word. Apart from Presteigne, EV charging points are now available in the following Powys County Council car parks: Maengwyn Street Car Park, Machynlleth, Mount Street Car Park, Llanidloes, High Street Car Park, Llandrindod Wells, Groe Car Park, Builth Wells. **About the Leominster and Kington Household Waste Recycling Centres...** Several residents living on the Herefordshire side of Presteigne, but with LD8 postcodes, have expressed concern that they won't be allowed to book to use the Leominster or Kington HWRCs. You can - the booking system accesses your address - not just the postcode - to check you pay Council Tax to Herefordshire. *(ed. this confirmation came from a discussion at the recent Presteigne Repair session with one of the Herefordshire Waste & Environment team who brought something in for repair. We took the opportunity of expressing the frustration of residents and the environmental illogicality of preventing border communities using nearby HWRC facilities and being forced to expend time and vehicle miles travelling to their nearest county HWRC - in our case at Llandrindod. The situation here in Presteigne, being refused use of the Kington HWRC, is mirrored by Herefordshire border residents being refused access across their border with other counties. We were assured the message will be passed on - if only it would then be acted on !!)*

## SCAM ALERT

**..the Quotation scammers are active again !** If you receive an email appearing to come from [sharepoint.com](http://sharepoint.com) (from anyone of several names) asking you to quote on a small house extension project DO NOT be tempted out of curiosity to click on the Sharepoint link to see the drawings of the work. This is a scam - report by forwarding the email to [report@phishing.gov.uk](mailto:report@phishing.gov.uk) then delete.

*(ed. Please note... You should not report a crime to the NCSC in this way. If you think you may have been a victim of fraud or cyber crime, and live in England or Wales, you should report this to Action Fraud at [www.actionfraud.police.uk](http://www.actionfraud.police.uk) or by calling 0300 123 2020.)*

**..and the old delivery scam...** emails appearing to come from Royal Mail or others (e.g. couriers) saying "According to our tracking system, your item is waiting for delivery and/or collection. Please confirm the shipping fees (£xx) to have your package delivered. You can go [online](#) to make payment & check on delivery status (details below)." Report and delete !

**and the fake Paypal payment scam...**an email apparently from Paypal saying your authorisation of £xxx payment to some company is successful and will appear on your bank or card statement as XXX. The email is very detailed and looks convincing but the scammers have replaced items with fake links. A genuine Paypal advice will address you by name. If it's a company you don't recognise or payment is in e.g. \$ or € instead of £, forward the email to [report@phishing.gov.uk](mailto:report@phishing.gov.uk). If you're unsure, go to your browser and check separately on the PayPal website.

**...a warning from the Welsh Government.** A contact tracer will only ask who you've recently spent time with and how to contact them. They will never ask for financial details. Be vigilant for scam callers. If you have any doubts, don't provide information. <https://gov.wales/contact-tracing-your-questions>

**...from Dale at The Royal Oak.** In response to yesterday's announcements there will now be a couple of small changes to how we deliver our services from Thursday 24th September. Face masks are not a legal requirement in Wales' pubs yet but staff will be actively wearing a mask when doing table service indoors so please don't be offended when staff are wearing one. We have been doing table service as much as possible but as of tomorrow you will no longer be able to order from the bar, it will be full table service only. Please bear with us during busier periods. Track and trace will still be done once in the premises by old school use of pen and paper but you will now see the new NHS Covid-19 posters dotted around the pub. The QR code on these can be used to check in on the NHS Covid-19 test and trace app. You are actively encouraged to use this app when in hospitality venues in the aid of the NHS. We are now legally obliged to be closed at 10pm. This means doors locked and all customers having left the premises so last orders will be called at 9pm with stop tap by 9.20pm and drink up at 9:45pm. There are large fines if we do not adhere to this. Please do not be offended if we have to ask you to drink up, we do actually enjoy your company. Hopefully the sooner we adhere to these new regulations, the sooner we can get back to normal (whatever that is).
