...a message from Sarah - people are being encouraged to show their appreciation for the NHS and other care workers by clapping for carers outside their homes (or from windows or doorways) **at 8pm EVERY Thursday evening**. It was wonderful to stand outside our house in Silia Wood last week and pause in our own clapping to hear applause and cheers echoing through the dark from all over Presteigne. Let's continue to show those we all depend on that we care about, support and admire them.

## THINGS DO WHILE COCOONED !

(contrary to yesterday's News item) **The NHS has now asked people to stop posting laminated rainbow pictures to the new Nightingale hospital** in London after a social media request went viral. Instead, NHS Nightingale asked people to share their artwork "digitally" online instead, using #RainbowsForNightingale.

**...from presteignedogman. I've compiled a weekly Quiz sheet** - 20 questions, slightly cryptic - which can be emailed to you every Wednesday. This is just a bit of fun to help exercise the leetle grey cells while cooped up at home, no entries needed, no prizes - just a virtual round of applause and a warm feeling ! If you'd like to be added to the weekly distribution, email me on [presteignedogman@icloud.com](mailto:presteignedogman@icloud.com). It's **FREE** although it'd be great if you could make a small weekly donation to a local charity of your choice.

**Do you love watching your garden birds ?** During the lockdown, many of us are looking to our gardens to enjoy nature and be outdoors, to learn, and to improve our well-being. **You can now join the BTO Garden BirdWatch community for free!** BTO Garden BirdWatch offers a great opportunity to learn more about garden birds and other wildlife, and to contribute directly to BTO's important scientific research on the value of gardens for wildlife. By understanding more about how wildlife uses our gardens, we'll be able to make our cities, towns, villages and individual gardens better for nature. To take part you simply keep a list of the birds you see visiting your garden over the course of a week (Sunday to following Saturday), then enter this into our online recording system. If you want, you can also record other garden wildlife, such as butterflies and mammals. Your sightings will help us to understand how and why populations of garden birds and other wildlife are changing, and how we can all help them. This **FREE** offer includes access to our online recording system, a regular Garden BirdWatch e-newsletter with information on recording and identifying garden wildlife, and access to our team of wildlife experts to answer your questions on garden wildlife. We look forward to welcoming you to the Garden BirdWatch community. *(thanks to Martin for this information)*

**From ERDC Home Support.** Apologies for the lack of updates. We have been rather busy! We are providing a meals on wheels service to some of the elderly in our community and I wondered **if any of the children are at a loose end if they would like to make some cards, paint a picture or write a little note and we can deliver them with the lunches.** Whilst we are all struggling not being able to spend time with our extended family & friends it can be super lonely if you are self isolating and live alone. The mental well-being of people needs to be a priority. Hopefully we can help cheer people up. If you'd like to take part just comment on the post on our Facebook page and we can make arrangements for a central collection point. Many thanks and please feel free to share!

## OTHER INFORMATION

# CORONAVIRUS WASTE & RECYCLING TIPS

## KEEPING YOUR BIN CLEAN

Please remember to wash your hands thoroughly after handling your bins and boxes. It's also a good idea to clean the handles and lids before and after they have been emptied.

## BULKY WASTE

If you have bulky waste from the house or garden which you would normally take to the local recycling centre, please hold onto these until the sites reopen or when the bulky collections resume.

## PERSONAL WASTE

If you are displaying symptoms, please dispose of personal waste (such as used tissues and wipes) in a separate bag. These bags should be placed into another bag, tied securely and kept aside for at least 72 hours before putting into your general waste bin for collection. Personal waste must not be put into recycling.

## PLEASE KEEP YOUR DISTANCE

Our collection staff are key essential workers and we need to keep them safe, so please keep your distance and observe the 2 metre social distancing guidelines at all times.

## GIVE US A WAVE!

Show your support by giving our crews a wave and a smile when you see them - they are working hard to support you during these difficult times.

**...from Herefordshire CC** - (may be of use/interest to groups on the English side of the border). The new Keep Connected grant has been launched to help support groups and organisations to adapt and continue to deliver their services remotely as a result of the coronavirus (COVID-19) outbreak. The grant has been created by the Herefordshire Council's Fastershire Broadband Project, and is available to any not-for-profit groups or organisations, including charities, community groups and Parish/town councils. These groups can access a grant up to £500 to fund new software subscriptions, online platforms or technology, such as microphones, headsets, cameras or large screens to ensure that they can engage with their members or service users. In addition to funding, these organisations will have access to free online or telephone support from one of Fastershire's expert advisors to help them set-up and operate the new technology.

**...from the Welsh Government.** Today the Minister for Environment, Energy and Rural Affairs announced a series of emergency measures to support Welsh farmers during the Covid-19 outbreak, recognising the crucial role they play in feeding the nation.

1. Farmers will have an extra month to submit their Single Application Form (SAF), with the deadline now extended to 15 June.
2. Crop Diversification requirements will be removed completely for BPS 2020.
3. An additional £5.5m has been allocated to the BPS and Glastir 2019 support scheme which to support those farmers who are yet to receive their 2019 BPS and/or Glastir payments.
4. Farmers will be able to apply for support through the scheme to alleviate potential cash flow problems.

**...Do you know someone looking for seasonal work in May/June ?** Local farmers are calling on British workers to fill vital roles harvesting fruit and vegetables during the coronavirus crisis after warning stocks may 'run out'. Due to tight travel restrictions imposed by governments amid the Covid-19 pandemic, some 90,000 positions need to be filled, many in just a few weeks' time. Agricultural workers from eastern Europe usually fill the majority of roles but restrictions across Europe and further afield mean they can no longer get to the UK to work. British Summer Fruits, which represents soft fruit growers, has set up an interactive map on its website showing the locations of farms around the UK and the jobs on offer – but how else can you help? Applicants can apply through the Concordia, HOPS and Fruitful Alliance's Ethical Labour website <https://www.hopslaboursolutions.com/seasonal-work/>.

**...from PCC Transport.** Following our post on Friday, please see revised timetables for tomorrow (Monday 30th March), until further notice. Once again, please use bus services for ESSENTIAL TRAVEL ONLY - if you have absolutely no other means of travel. Please share this information with anyone you know who doesn't have access to social media. <http://www.traveline.cymru/> has been updated.

**...from researchers in Cardiff.** Just over a week ago, researchers at Cardiff Metropolitan and Cardiff University launched a survey to find out about the experiences of people living in the UK during the coronavirus COVID-19 pandemic. They've received an incredible 5721 completed surveys from HWW participants so far. Thank you so much for sharing your thoughts and experiences. The researchers would love to hear from more people so they can have a greater insight into how the Coronavirus pandemic is affecting you all. If you are over 18 years old, please complete the survey by following the link below. The survey will be open until 12 April.
