

**KNIGHTON AND DISTRICT ROTARY CLUB
TO COLLECT FOR THE CYCLONE IDAI DISASTER**

As members of the Knighton and District Rotary Club heard about Cyclone Idai reeking havoc in Mozambique, Malawi and Zimbabwe on March 15th, there was a collective desire to support the communities affected in those countries. To this end, Rotary Club members will be collecting for a Rotary Shelterbox at the Presteigne Farmers Market on April 6th and the Knighton Community Market on April 13th. As incoming Rotary President Chris Price explained "Each Shelterbox contains a tent for 10 people as well as water purification kits, blankets, kitchen equipment, tools and much more". She added "We have been overwhelmed in the past by the response from the community of Knighton and Presteigne and we greatly appreciate any support that people can again give us at this difficult time for the communities affected by Cyclone Idai." You can read more about the Rotary Shelterbox at www.shelterbox.org and about the Knighton Rotary Club on their website as well as their Facebook and Twitter pages.
