DAFFODIL TOWN

Years ago Presteigne was an important breeder of daffodils which were sent to the London markets by train.

There were 470 new varieties of daffodil bred here, by four main breeders: Gwendolen Evelyn at Corton, Dr Nynian Lower at St David's House, Alexander Wilson at Middlemoor and Sir John Arkwright at Kinsham Court.

Perhaps we could reinstate Presteigne as a centre for visitors to see amazing displays of daffodils in the Spring.
