### SCAM ALERT

...beware 'computer problem' scams. Criminals pretending to be calling from Microsoft, Norton, BT or other wi-fi providers are again active trying to scam Powys residents. If you receive a call saying your computer has problems or has been infected or hacked, or your Virus Protection needs updating, just hang up the phone. DO NOT UNDER ANY CIRCUMSTANCES ALLOW THESE PEOPLE ACCESS TO YOUR COMPUTER! If you do you are at serious risk of losing money from your bank accounts or having your computer locked. No employee from these companies will ever call you about such matters. DON'T engage in conversation. PUT the phone down. NOTE the phone number. ALERT friends and neighbours.

**...from Arrowfield Vets.** We have recently had a small number of clients unhappy over not being able to accompany their animal inside the practice. We would like to tell you why at this moment in time we are still asking clients to remain outside:-

We have 8- 10 vets, 5 nurses and support staff working across both our branches at any one time. Our vets will see approximately 50- 60 patients per day, so if every person accompanied their pet into the practice, the risk of COVID is greatly increased. This is due to the inability to properly socially distance whilst examining and treating your pets as well as factors such as minimal ventilation in consult rooms and trying to protect vulnerable members of staff whilst allowing them to give the best possible treatment to your pets.

Under the current track and trace regulations if one of our staff gets COVID then potentially our whole practice would have to close for 14 days whilst everyone isolates. This is because when our staff are examining, blood sampling and operating on your pets we are in very close proximity. Rest assured, your pet gets plenty of attention and cuddles from our nurses whilst in the practice! ( And dare we say some are even better behaved without their Mum and Dad with them! We don't want to work like this for any longer than we have to but at this moment in time we need to protect each other. Please be polite to our staff, especially those on reception and understand why for now, you will not be allowed in with your pets. Many Thanks Team AVP

**...from Roger, editor of St. Andrew's Parish Magazine.** Print editions of The Parish Magazine are back! Thank you to all who have been involved in writing, editing, printing, collating and distributing our September issue. If you do a delivery round, you will find your named pile at the back of church for collection. Some single copies are also available. Don't forget to sanitise your hands when you go in to pick your magazines up!

**...from Royal Albert Hall Home and the BBC Proms.** Tonight, we welcome back the world's greatest classical music festival - albeit in a different way than we're all used to. While we can't

Here's how <https://www.royalalberthall.com/about-the-hall/news/2020/august/bbc-proms-2020-explained-how-to-watch-the-worlds-greatest-classical-music-festival/>

**...from Powys CC.** Secondary school pupils in Powys will be required to wear face coverings on school transport, the county council has said. Powys County Council has made the decision following the advice published by the Welsh Government's Technical Advisory Group earlier this week on the use of face coverings. The use of face coverings does not apply to those pupils who are exempt for medical reasons. The council will also provide two face coverings to every secondary school pupil who uses home to school transport, including taxis. Parents are being asked initially to provide face coverings for their children for the first day where possible until they receive the face coverings from the council. However, parents and carers are being encouraged to take their own child/children to school wherever possible using active travel or cycling. If private car use is necessary, parents and carers are encouraged to park away from the school site and use active travel to travel the remaining distance.

**...from Presteigne Festival.** A huge thank you to the artists, composers, film makers and other arts professionals who have made Presteigne Digital such a brilliant success – judging by the number of views we've had, we're reaching a new and extremely large audience. All 11 events are available free-to-view until 31 December, but please make a donation if you can – the future survival of the Presteigne Festival depends on it: [bit.ly/2EwvjA](http://bit.ly/2EwvjA)
