**Disappointing news about the Radnorshire Arms which has lain empty for almost 2 years now** - the Mid-Wales Journal for 6th March has reported that an offer by a local business consortium for our historic 17th century hotel has been turned down by the administrators. The MWJ report says that the consortium, made up of eight people many with a personal interest in Presteigne, submitted a 'clean' offer with no conditions but this was rejected by the administrators, who say that they continue in discussions with a number of interested parties, and the property remains on the market. Let's hope this is just a temporary setback.....

## Messages from Rhiannon at the Library

**....to celebrate World Book Day, (which was on the 6th of March) please help us take part in the WBD Share a Million Stories event!** If you couldn't make StoryTime on 6th March, all is not lost - any story you read in the library counts - help add to our total until the 29th of March!

**... and the Library Book Club selection for March is "Ticket to Ride" by Tom Chesshyre** - the Book Club meets in the Library on the last Wednesday of each month, so this month on Wednesday 25th March. Anyone can drop in for as many (or as few) meetings as you like, there's no need to sign up for it beforehand. It's up to readers to get the book themselves - you can come and order it through the library (most do), or you can get it another way (if you prefer to buy a copy, read on a Kindle, etc), it's entirely up to you. Call in to see Rhiannon if you need further information.

**PACDG's Guerrilla Gardeners would like to thank Lightfoot and Connect for recently funding the purchase of some badly-needed hand tools and a very smart mobile pavement sign.** These have already been put to good use in the Shoppers Car Park, and for our work on the previously neglected footpath beside the Kaye's site (from the Medical Centre to the British Legion) which is now being enhanced with more plants for wildlife. We would also like to thank the Bring Site Volunteers for allowing us to share their shed ! We meet every Wednesday morning around 9.30am for approx. 1 hour, weather permitting and we'd love you to join us - email [pacdg@icloud.com](mailto:pacdg@icloud.com)

**EMAIL SCAM ALERT !.... some people are receiving emails made to look as if they're from PayPal or from one of the big UK banks (HSBC, Barclays etc) warning you that a suspicious payment of £xxx has been noticed on your account.** It goes on to say that if you think the payment is OK then do nothing, but if you think it's fraudulent, then click on the link to cancel the payment. DO NOT CLICK ON ANY LINK - THIS IS AT BEST A PHISHING ATTEMPT AND MAY BE A FINANCIAL SCAM ! If you don't use Paypal or it's not your bank then the scam is obvious of course, but some fraudsters are very good at mimicking the real website and the incoming email address. If for some reason you fear it may be genuine (it's not!) then log on to your bank or PayPal account to check. **Never click a link.** (Thanks to Chris Jones for this alert)

**Repair Presteigne returns this coming Saturday 21st March from 10am to 12.30pm in the Youth Centre (Old School) on Hereford Street** - household items fixed for free. Stay and help, or just to watch and see how it's done. Put it in your diary for the 3rd Saturday of every month. Extra fixers always needed ! Contact Rolly at [rollybea5@gmail.com](mailto:rollybea5@gmail.com)

Related to the worldwide Right to Repair movement, this was seen on the BBC News website....*New rules could spell the death of a "throwaway" culture in which products are bought, used briefly, then binned. The regulations will apply to a range of everyday items such as mobile phones, textiles, electronics, batteries, construction and packaging. They will ensure products are designed and manufactured so they last - and so they're repairable if they go wrong. It should mean that your phone lasts longer and proves easier to fix. That may be especially true if the display or the battery needs changing. It's part of a worldwide movement called the Right to Repair, which has spawned citizens' repair workshops in several UK cities. The plan is being presented by the European Commission. It's likely to create standards for the UK, too - even after Brexit. That's because it probably won't be worthwhile for manufacturers to make lower-grade models that can only be sold in Britain. This 'Ambitious' proposal is all part of what one green group is calling the most ambitious and comprehensive proposal ever put forward to reduce the environmental and climate impact of the things we use and wear. Proposals aim at making environmentally-friendly products the norm. It could mean manufacturers using screws to hold parts in place, rather than glue. Things are slowly moving in the right direction !!*

*As Pete Seeger said "If it can't be reduced, reused, repaired, rebuilt, refurbished, refinished, resold, recycled or composted...then it should be restricted, redesigned or removed from production"*

### **SNOWDROPS AND TREE SAPLINGS WANTED - CAN YOU HELP ?**

**.....thanks so much to those who've already replied, but we're still looking for more snowdrops to help further beautify our lovely town**.... following up on an item in the last Community News, if you have prolific displays of snowdrops in your garden this year and are able to 'liberate' some bulbs for the PAC volunteers to plant around town - please email [pacdg@icloud.com](mailto:pacdg@icloud.com). Thank you !

**....the Town Council's Climate Action Group are looking for donations of tree saplings for planting**. Do you have any unwanted saplings growing in your garden? There will be a collection point at the next Local Food Market on the 4th April at the Memorial Hall. Either bring them in pots or, if they are bare rooted, please carefully wrap them in a plastic bag to prevent them from drying out. Email Cllr Rose Bamford on [rosebamfordpntc@gmail.com](mailto:rosebamfordpntc@gmail.com) if you have any questions on this.

## **Daffodils - what a lovely show everywhere around town this year - especially down Station Road !**

Huge thanks to everyone who's donated bulbs in the past, and helped plant them - please look out for locations which you think could still benefit from more daffodil planting in the Autumn and let us know where, by emailing [pacdg@icloud.com](mailto:pacdg@icloud.com).

**A message from Heather about The Warden...** *It saddens me to say that I have stepped down as Chair of the Warden Guardians Foundation. As most of you know, it's due to ill health, I would of liked to have carried on until Jim Bell's age, but that wasn't meant to be. I would like to thank our members, whose number has risen from 20 to 110 . Thank you for helping me on the Reservoir - Mike and Terry (Warden Volunteers) - Colin Kirkby for advice - John Wilding for supplying posts - Good Brothers Oak for the information boards - Richard Lund for making the information boards - Nick Close and our never-forgotten Nigel Powell who erected posts - the PCC Volunteers who put the paths in and out of the area - and Steve Gealy and Phil Stallard from PCC for their ongoing support. We have achieved a lot in 5 years - new steps, new sign, black fence repaired and painted the length of Warden Road (with a small section we will get finished). As always, thank you to all the Warden Volunteers who will carry on keeping this beautiful woodland clean and tidy . I will miss our mornings together. Thank you"*

**Do you suffer from leg problems ?** e.g. varicose veins, skin tears, eczema, ulcers, wound leakage or immobility. **Then go along to the Knighton Leg Club which runs every Thursday between 9.30 and 11.30am in the Knighton Community Centre.** The Leg Club is a freely available service for people in Presteigne, Knighton and the surrounding area. No referral or appointment needed, just come along on Thursdays for advice and support. Circulation tests and measurements for support stockings also available. Contact 01547 521270 if you need more information.

## **Messages from two residents who will be running in the London Marathon for charity...**

**...(from Paula Randall)** *I am running the London Marathon next month (26th April). With 8 weeks to go, the training is full on and many may see me pounding the streets. I'm fundraising for two charities special to me - Macmillan, who believe no one should face cancer alone - and Coeliac UK, who help people with Coeliac disease, which I have had since birth. I feel truly honoured to be able to run for these charities. If you could spare a small donation, the links are below. Thank you! Paula x*

**...(from Jonathan Felgate)** *Keeping Scouts running! Presteigne Scouts has been helping to show young people that "There's more to life than Gaming" for some years now, using camping, climbing and mild exhaustion (mainly on the part of the volunteer leaders) to develop skills in teamwork, leadership and diligence. Ensuring that the Scouts can accomplish this within a safe and supportive environment however takes money. That's why I'm running the London Marathon for the Scout Association on the 26th of April this year. If you would like to give young people a leg up, head along to my fundraising page at [GoFundMe.com](https://www.gofundme.com) and search for "London Marathon for the Scouts 2020". If you think you have something more to give, perhaps a skill in radio communication or whittling, or just a love of singing around a campfire then contact us on Facebook about becoming an assistant leader at "First Presteigne Scouts". Thank you! Jonathan*

**Wednesday 26th March - MBA and The Sidney Nolan Trust present "Readings by the poet Manuel Iris" at The Assembly Rooms.** 7.30 pm. Manuel Iris is a celebrated poet laureate whose poetry reflects his obsession with beauty, time, death and the bridges that marry them. Manuel is coming to the UK as a visiting research fellow of the University of Roehampton and will spend a week at The Rodd, immersed in the landscapes and culture of the Welsh Borders. Iris received the "Merida" National Award of Poetry (Mexico 2009) for his book "Notebook of Dreams" and the Rodolfo Figueroa Regional Poetry award for his book "The Disguises of Fire" (Mexico 2014). Tickets £5 at The Workhouse (cash only) [wegottickets.com](http://wegottickets.com) and on the door.

**Friday 27th March - Presteigne Screen presents "Monos"** at The Assembly Rooms, 8pm. In this chilling and highly original film set in Colombia, 'monos' (monkeys) are a squad of ill-disciplined paramilitary teenagers whose real purpose is never fully explained, but whose *noms-de-guerre* (Wolf, Rambo, Dog, Boom Boom etc) suggest a frightening focus they never really live up to. They survive on both a mountain top above the cloud line, and in a dense jungle, and spend much of their time keeping teen anarchy at bay which is, of course, especially frightening for the adult prisoner they are guarding, a woman known simply as 'Doctor'. Accidents and executions are only a heart-beat away in a film that draws inspiration from *The Lord of The Flies*.

**Wednesday 1st April - MBA presents "Chamber Music for Strings" at The Assembly Rooms.** 4pm. Musicians from North Wales & Shropshire present an informal concert premiering two works by recent Presteigne resident, composer John Hyslop. The programme includes a string quartet and a viola trio which are influenced by traditional music forms infused with hints of Ibero-Celtic Iron Age pop music from the Walton basin circa 2500 BC !!. Free - suggested £10 donation with all proceeds to the children's cancer charity Team Cleo
